

Prince Albert Catholic Schools invites all students, families, and staff to respond to the survey link below to inform the development of an Accessibility Plan.

The Accessible Saskatchewan Regulations came into force on December 3, 2023. These regulations list public sector bodies required to develop an Accessibility Plan under The Accessible Saskatchewan Act.

An Accessibility Plan is a plan that identifies the actions our organization will take to remove and prevent accessibility barriers for persons who interact with our organization. Please consider responding to our survey to help inform the development of our accessibility plan. The Survey will remain open until November 20, 2025. Thank you for your consideration and feedback. The plan will be posted on our website in December 2025.
