

Darlene Slater

My name is Darlene Slater. I was raised in Prince Albert and graduated from St. Mary High School. After finishing post-secondary education in Saskatoon, I returned to P.A. where I have been a Licensed Practical Nurse for the past 37 years. During this time I have worked for the Sisters of the Presentation, at the Holy Family Hospital until its closure, and I am currently employed at the Victoria Hospital. I have been an active member of the St. Mark Parish for 35 years and enjoy singing in the church choir. While my children attended St. John's Community School I was involved with Parent Council and participated in several fundraisers for the school. Now that I have a grandson starting kindergarten I feel it is a good time to put my name forward and run for a seat on the board and continue to promote Catholic education.
