

## School Bus App

March 13, 2025

Dear Parents:

In collaboration with our transportation partner, First Student, Prince Albert Catholic Schools is launching FirstView®, a real-time GPS vehicle tracking and student transportation monitoring platform.

With FirstView, parents and caregivers can download the secure, easy-to-use vehicle tracking mobile app that will allow you to stay easily connected with your student(s) daily trips.

- See the real-time vehicle location via GPS and track its progress.
- Easy access to vehicle details as well as updates regarding any changes.
- Receive distance notification alerts when the vehicle is near.
- Set-up family members and caregivers to receive trip email alerts.
- Dedicated customer support team for all app-related questions.

### Let's get you started with FirstView!

**Step 1:** Download the free, easy-to-use mobile app, which is available on both iOS and Android devices. Search for app name: [FirstView 1.0](#)

**Step 2:** Set up your FirstView 1.0 mobile app profile. You'll be asked to manually provide:

- The 5-character District Code: [X7U1H]
- Your student's first and last name
- Your student's school of attendance
- Your student's trips to track

**Step 3:** Once you have manually added your student and their trips, set-up and receive distance notifications in app, via push notification, or via email. To set this up within the FirstView app, go to Settings > Notifications > Manage Distance Notifications.

**Step 4:** Next, you can have yourself or other family members and caregivers receive daily trip email alerts. To set this up within the FirstView app, go to Settings > Notifications > Manage Recipients.

**Step 5:** Once you have added your student(s) and signed up any additional family members and caregivers with daily trip email alerts, begin tracking their daily trips!
