March 18, 2020

Dear Parents/Guardians,

Closing schools across the province is unprecedented, but please be assured that our curriculum and instruction team is working to provide students and families with alternative learning methods in the near future. There is a lot of uncertainty as we navigate these historical times. We will continue to update families as we have more information.

During this initial period of social distancing and self-isolation, we have posted several educational links for students that you may wish to access with your child(ren) to help support learning on our division website ([www.pacsd.ca](http://www.pacsd.ca) → Supplemental Resources for Students link). We have also included resources for parents/guardians and families.

Our curriculum & instruction team is in the process of exploring alternative learning methods to provide additional curriculum supports for students. We will be communicating updates about how to access supplemental curriculum programming in the near future through our division website.

Thank you for your patience and support. Take good care of yourselves and your families.

Sincerely,

Tricia McEwen  
Superintendent of Education  
Curriculum and Instruction
